Office Address [illegible]
number street city state zip
Telephone (SO) 604-1572
Specialty General Practice Board Certified NO YES
License # 2345 State Ill.

Agreement between consultant doctors
and
Corporate Health Strategies (Subsidiary of Metropolitan Life Ins. Co.)

I agree to be a Second Surgical Opinion Panel Doctor.

I understand that a doctor who renders a second or additional opinion for surgical necessity for Corporate Health Strategies agrees that he or she:

- A) Will not solicit the referred individual to be a patient for the condition for which consultation is sought.
- B) Will not refer the individual to any associate with whom he/she has financial agreements.
- C) Will accept an assignment of benefit if permitted under the applicable employer's health benefit plan.
- D) Will accept as payment in full, the lesser of the physician's charge and the usual and customary (U and C) charge for second opinions determined by Metropolitan or other third party payers.

I further understand that this agreement may be terminated by either party on thirty (30) days prior written notice.

It is also understood that the doctor shall not be compelled to accept an individual for consultation and the program is not intended to alter normal doctor/patient relationships.
